

Model: CCH8	Specifications
Picture TL Video Res	48MP 8000x6000P / 30MP / 20MP / 16MP / 8MP / 5MP / 3MP
Video size	4K @10fps / 2.7K 2688x1520 / 1920x1080 / 1280x720 with audio record, color video 30fps, black and white video 15fps
Image Sensor	13MP Color Sony Sensor (JDL3365+SONY258)
Trigger speed	0.2 seconds 1~25 FPS per second
Lens FOV	65 degrees, Auto IR-Cut
IR flash	40pcs 940nm Red IR LED Flash Day : color image/video Night : B&W monochrome
Memory card	64GB SD card (optional 128GB 256GB)
PIR sensing distance	22 meters 72 feet (around 25°C, normal sensitivity)
PIR sensing angle	Front 60 degrees + Dual Side IR = Total 120 degree.
External Screen	External 2.0" TFT LCD color display
Flash distance	Red Light 940nm IR 22 meters
PIR Sensing	High/Medium/Low, programmable Record length 3sec to 10min
Backup Functions	USB SD card DC Port Built In Speaker & Microphone
External Power input	external Solar / DC power up camera
Standby time	6-8 months (8xAA Alkaline or External Rechargeable Ni-MH battery)
Protection Grade	Waterproof IP66 Temperature -30 to 60 degree Celsius

Optional Case information:

1. Made from 1/8" steel with weather resistant power coat finish.
2. Camouflaged outer surface.
3. 100% Compatible with the hunting camera.

Optional Lock information:

1. Black cable lock of length 1.8m.
2. Cable diameter 5mm / 8mm.
3. Same master key for all cable locks.
4. Able to properly secure the camera traps with video function together with the heavy duty protective enclosure.
5. It is corrosion resistant lock body and cable from the bad weather.
